

PREMIERE INTRODUCTIONS 2012

at "BOOT" in Düsseldorf

CROWNLINE E 2 Eclipse

Length: 6,84 m
Beam: 2,59 m
Weight: ca. 1.900 kg

*Premiere
"boot" Düsseldorf*

We are proud to announce the release of the E 2, our third Eclipse model of our exciting new series. Crownline's innovative design philosophies continue to set us apart from all the rest. Many of the unique and innovative design philosophies of the E4 and E6 have been incorporated into Crownline's newest E-Series model. The same vibrant style lines are perfectly accentuated by the double hull band gel coat design, stainless steel deck accents, tri color platinum interior, wood grain dash insert and executive solid wood wheel with brushed aluminum spokes. The Eclipse E 2's design is further enhanced by Crownline's patented F.A.S.T. Tab® hull design, adding style while improving performance by providing superior planning efficiency, stability in high speed turns and improves fuel economy by minimizing drag.

These exciting boats are loaded with well thought out, customer-driven standard features.

The ladies and kids will appreciate the Eclipse's well appointed head compartment, featuring a sink and faucet with pressurized water enclosed in a fiberglass cabinet with custom counter top. There's an opening port light window for ventilation and composite teak flooring.

CROWNLINE E 1 Eclipse

Length: 6,24 m
Beam: 2,59 m
Weight: ca. 1.700 kg

*World-
premiere*

Crownline Boats would like to announce the completion of the final model of our Eclipse series of deck boats. At Crownline we pride ourselves on bringing new and exciting products to the market. The E 1 is the perfect addition to the Eclipse series with its pulsating style lines, lustrous double hull band gelcoat design accentuated with stainless steel accents, a newly designed helm, luxuriant Tri color platinum interior and a spacious layout. The E 1 is further enhanced by Crownline's patented F.A.S.T. Tab hull design to improve performance by providing superior planning efficiency, stability in high speed turns while minimizing drag to improve fuel economy.

At Crownline we listen and we learn from our customers which is why boats are loaded with standard features that set us apart from our competition. The E 1 is no exception to our customer focused philosophy.

Buying a boat is an investment and your boat should represent you. Crownline allows you to customize your boat to your total satisfaction with a variety of popular options to make your boat one of a kind.

CROWNLINE 235 SS

Length: 7,31 m
Beam: 2,59 m
Weight: ca. 1.950 kg

*World-
premiere*

At Crownline Boats we pride ourselves in innovation and delivering new products specifically designed for our customers needs. Crownline boats are well known for our high quality construction, top of the line features and attention to detail. Customer driven innovation has led us to our newest model, the 235 SS. The new Crownline 235 SS joins the 215 SS with its first class design, sleek exterior profile and an inviting, roomy interior that will make you want to stay on board, long after sunset.

The exterior is standard with a sexy double hull band gel coat design, which perfectly accentuates the sporty silhouette of the boat. Its contours are further enhanced by our patented F.A.S.T. Tab® hull design which not only embraces the distinctive "sports car" styling of the 235 SS, but also insures a safe and comfortable ride by increasing planning efficiency and stability in high speed turns.

CROWNLINE 285 SS

Length: 8,66 m
Beam: 2,59 m
Weight: ca. 2.770 kg

*World-
premiere*

Crownline is proud to introduce the newest addition to our SS Series of bowriders. Measuring twenty eight feet, six inches is our 285 SS. The sleek profile of the 285 SS paired with its impressive double hull band gelcoat design is bound to make you stand out on the water. Along with the stunning exterior design, the Crownline 285 SS features a rich, luxurious interior and an abundance of safety and convenience features on this one of a kind boat.

The 285 SS is loaded with standard features that will exceed all expectations. The interior of the 285 SS features a high quality, fully upholstered, lavish tri color platinum interior pattern paired with a moonrock vinyl wrapped helm, rich wood grain accents, executive wood wheel with aluminum spokes and digital engine diagnostic displays with GPS speedometer. The interior of the 285 SS is further enhanced by stainless steel cup holders, grab handles and hardware. The 285 SS has an abundance of storage to protect all of your gear for a long, fun filled day on the water.

Safety is a main priority here at Crownline and we believe in providing the best quality of safety features to keep your family protected. At Crownline we will never sacrifice quality or safety and that is why we include plenty of safety features standard on our boats.

The Crownline name represents quality and the 285 SS is a perfect of example of superior craftsmanship and design excellence. Stand out on the water in our new 285 SS!

**We build quality. We ensure safety. We lead the industry in new product. We are Crownline.
